

Jugular Token (JUG) Whitepaper

Version 1.1

1. Introduction

Meme tokens have evolved beyond simple jokes—many have become powerful community movements and cultural assets. Jugular Token (\$JUG) is designed to be the meme token that goes straight for the jugular of the crypto world, delivering community-driven power, humor, and blockchain-based tools.

2. Mission Statement

Jugular Token aims to fuse memes, community, and utility into a bold decentralized movement. \$JUG is not just a coin—it's a platform for expression, governance, and community connection.

3. Tokenomics

Token Symbol: \$JUG

Network: BSC

Total Supply: 1,000,000,000 (1 Billion)

- **50% Community & Liquidity** – Fair launch and liquidity pools.
- **20% Marketing & Memes** – Campaigns, contests, and influencer partnerships.

- 15% Ecosystem Development – Building utilities and dApps.
 - 10% Team & Advisors – Locked & vested transparently.
 - 5% Charity & Community Causes – Donated to initiatives chosen by holders.
-

4. Utilities

Jugular Token is more than just a meme—it has real, community-focused applications:

- **Social Media Chat (Jugular Chat dApp)**
A decentralized chat platform where holders can connect, share memes, and build culture without censorship.
 - **Community Governance (Jugular DAO)**
DAO-style governance where \$JUG holders can vote on:
 - Meme campaigns & viral strategies.
 - Partnerships and collaborations.
 - Community-driven donations and initiatives.
-

5. Roadmap
